ONCE UPON A TIME (à recopier sur le cahier)

A fairy tale

Correction Wb p 66-67 (à recopier sur le cahier)

The document is a picture, a photo from a film. I can see two characters (personnages, prononcé "karaktez") and a fruit, an apple. I think it is Snow white and the seven dwarves.

Be careful ! One dwarf = two dwarves

Snow White :

In the text there are 3 main (principaux) characters : a princess, a queen and a huntsman (chasseur).

Find 9 adjectives :

Physical description : Fair, pretty, lovely beautiful .

Personality : Cruel, wicked(not nice), angry, jealous.

Others : magic

Recap :

The princess's name was Snow White because her skin was very fair. She had a stepmother because her mother died and her father remarried (to remarry). Her stepmother, the queen was jealous of Snow White's beauty and she decided to kill Snow White.
